Mission Statement

The mission of Bega kwa Bega is to improve the living standards of Childcare providers in targeted African villages especially the one and a half million (1.5 million) children orphaned by war, civil unrest and the AIDS epidemic in Uganda.

This is done through complementing the efforts of the traditional African family structure to meet the immediate needs of families caused by the extra children, extra labour, stretched resources, limited resources, limited space, inadequate water and sanitation facilities and the long term economic conditions which greatly impact village life concerned parties.

Bega kwa Bega is organised and operated exclusively for charitable, education and developmental purposes. It is a not profit organisation .

Objectives:

The objectives of the organisation are as follows:

- To identify needs and resources through conducting and maintaining both needs and assessments .
- To plan and conduct projects, micro business development projects and training activities
- To establish and maintain a good community network.
- To raise the education level of both children and childcare providers.
- To improve nutrition through better farming practices.
- To contribute to overall health information and improvement of medical equipment.
- To encourage best practices for teachers through modeling and providing instructional materials.
- To provide instruction which supports entrepreneurs in developing micro enterprises, training business plans, marketing and market selections and in product development.
- To train care givers in base business development techniques and provide demonstrations
- To assist care givers in successfully launching income generating projects and project management
- To establish market outlets which sustain income generating projects and establish new village markets and develop market opportunities.
